ל'זכר עולם

Yahrzeit . . . the time to revere the memory of our dear departed loved ones.

To traditionally preserve their eternal love and affection, their inspiration is forever treasured on Yahrzeit Tablets and similar everlasting memorials.

United States Bronze Yahrzeit Tablets and Memorials continually serve Jewish tradition with eternal strength and dignity. In addition to inspiring the bereaved, they provide a constant source of income for advancing a synagogue's important work.

United States Bronze Yahrzeit Tablets accommodate various-sized bronze memorial nameplates. The plates, cast in one solid piece of ageless bronze, are large enough for an inscription of three lines in both Hebrew and English. Usually each nameplate is accompanied by a small lamp. All lettering is usually

raised in relief and given a smooth, lustrous finish. Ornamental borders are fashioned in massive, solid bronze. The donor's inscription and the name of the institution are also cast in bold relief.
